(application filed on or after May 29, 2000)

The patent term adjustment to date is 142 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 142 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (<http://pair.uspto.gov>)

Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003: Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Allowable Subject Matter

1. Claims 1-31 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1, 10, and 16 teach a system where component data, worker data, and predictive maintenance factors are used together to create a schedule for maintenance of equipment based on the factors.
 1. U.S. Patent No. 6,192,325 to Piety et al shows a predictive maintenance database where information about the equipment and components thereof is stored in order to alert users when maintenance is due. However, neither this reference taken alone or in combination with the prior art of record disclose a system of scheduling the actual maintenance of equipment based on, among other things, worker qualifications.
 3. U.S. Patent No. 5,737,728 to Sisley et al shows a system for resource assignment and scheduling based on the availability of qualified personnel. A database is kept of personnel location, qualifications, and time commitments. However, neither this reference taken alone or in combination with the prior art of record disclose scheduling the actual maintenance of equipment based on, among other things, component data of the systems for maintenance.
4. It is the examiners opinion that these references together, even when combined, would still not produce the system of the immediate invention.
5. It is this combination of worker data, component data, and predictive maintenance factors to produce a schedule for predictive maintenance, in combination with the remaining elements and features of the invention, that the applicant's invention defines over the prior art of record.
6. Claims 2-9,11-15, and 17-31 are allowed as being dependant upon allowed claims.

Art Unit: 2125

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure and to the state of the art at the time of invention.
